

Sheepskin Seat Covers

➤ **Now sheepskin comfort
comes made to fit**

**Cessna owners and pilots have been asking for these
custom fit seat covers and now the wait is over.**

100 percent genuine sheepskin covers.

Designed and manufactured exclusively for the Cessna seat.

In terms of comfort, no man-made product comes close to the real thing. Sheepskin keeps you cool in the summer, warm in the winter. Its hollow fibers absorb an amazing 30 percent of their own weight to keep both the user and the seat cover dry. At the same time, the seat upholstery is protected from the sun and daily wear.

Order with confidence. These custom tailored Cessna seat covers will fit like a glove with easy installation and no shifting or scooting during flight. And, the design is as functional as it is comfortable with easy access to the storage pockets in the back of the seats.

Put on something comfortable.

Put on 100 percent sheepskin seat covers.

Available now, exclusively from Cessna.

**172 and 182 - Pilot or Copilot
206 - Pilot, Copilot or second row**
